DULCY

FIRST APPEARANCE: SONIC THE HEDGEHOG #29, December 1995

FULL NAME: Dulcinea (AKA "Dulcy")

BORN: 235 / 3223

HEIGHT: 168 marks **WEIGHT:** 23 stone

HAIR: peach-orange

EYES: green

WINGSPAN: 118 marks

ABILITIES: Fire-breather, capable of flight over limited distances

KNOWN FAMILY: Sabina (mother - roboticized)

KNOWN FRIENDS: Princess Sally, Sonic, Tails, Rotor, Bunnie Rab-bot, Amy Rose

HISTORY: Long believed to be mythological creatures, dragons did not exist in plain view until only recently in Mobius history, after discovering creatures other than the original human inhabitants were now the dominant life-forms.

For once, the dragons were able to lead a peaceful co-existence with their neighbors, and the sight of whole families of dragons flying through the skies soon became a familiar one. They also became renowned for their superb tracking skills, reuniting many a lost child who had strayed from a pack.

Many decades later, when Robotnik came to power, he began systematically roboticizing the dragon species first, as he recognized them to be among the most dangerous threats to his plans. He nearly succeeded completely until a young mother named Sabina sought sanctuary for her daughter Dulcinea with the Princess, Sally. Shortly after securing her daughter's safety, Robotnik had Sabina captured and roboticized.

As the years passed, Dulcinea – or rather, Dulcy, as she was more commonly referred to by her closest friends – grew to full height and joined the Freedom Fighters in their struggle against the first Robotnik and now against the latest incarnation.

Currently, she lives mostly outdoors due to her massive size, and can be usually found sleeping upside down with her tail curled around a tree branch for support. She has an instinct for being able to sense danger from afar and can always be counted on to tell the truth, as well as recognize when others are not.

Hi there, Sonic fans!

Writer Karl Bollers here, welcoming you to another exciting editorial in which I'll hit you with the skinny on upcoming hedgehog-related happenings in and about the Archie offices.

Starting next issue, in **SONIC THE HEDGEHOG #108**, we debut a brand new story format. Get this— 3 titanic tales every month! Ain't that a hoot, a holler, and a kick in the pants rolled up into one?

We'll always get the party started with an 11-pager featuring Sonic, Tails, Princess Sally and the Freedom Fighters as they continue to wage their struggle against Doctor Robotnik and other evil-doers on planet Mobius. Teaming up with regular penciler Ron Lim and also taking over the writing reins from yours truly, is newcomer Benny Lee, whose lighthearted take on the cast is sure to be a hit with Sonic fans around the world. Welcome aboard, Benny!

Following that will be a 5-page story that focuses not on Sonic, but on a different colorful supporting character every ish. You can definitely expect solo stories featuring Princess Sally, Mina the Mongoose, Rob o' the Hedge, Rouge the Bat and others in the near future. And each time, look forward to the lovingly rendered pencils of artist J. Axer to go along with it! Everyone at Archie is pleased as punch to have J. working on the series and so will you! And just who is the lucky writer that gets to work with Mister Axer, you ask? Hint #1: Well, let's just say that Ron Lim's loss is J.'s gain! Hint #2: Let's just say I'll have a bit more than this monthly editorial to write! Hint #3: Let's just say the lucky writer is none other than me!

And last, but certainly not least, Ken Penders and Dawn Best will slam brain pans and artistic palettes every month to bring you a senses-staggering, 6-page monthly installment in the ongoing saga of that radical red— err, we mean...emerald echidna known as Knuckles! Go, Ke-en! Go, Daw-awn! Go, Ke-en! Go, Daw-awn!

->Ahem<- We're a little excited around here. See ya next month! Hope you can stand the wait!

SONIC
THE HEDGEHOG

No. 108

Next Issue:

Would ya believe . . . Robotnik versus Robotnik! But is it a diabolical scheme to do away with the Freedom Fighters, or is someone else about to lay claim to Mobius? Newcomer Benny Lee starts his run off with a bang, aided by Ron Lim in the visuals. Next up is the debut of another new Sonic artist who teams up with Karl Bollers to bring you the heart-wrenching tale of "A Girl Named Hope". (Well, Princess Sally was sure touched by her letter.) Lastly, things get tense in Echidnapolis as Dimitri makes his case before the High Council with the help of Knuckles in "Reunification Part III", with story and art by Ken and Dawn. See you in 30!

AND NOW, IT'S TIME CHECK THIS MONTH'S MAIL, AND FROM THE E-MAIL AND LETTERS POURING IN, IT LOOKS LIKE OUR RECENT 2-PARTER WAS A BIG HIT WITH THE MAJORITY OF YOU, STARTING WITH OUR FIRST CORRESPONDENT FROM CHISHOLM, MN:

Hello,

Being a HUGE fan of Jim Valentino's run on Guardians of the Galaxy for Marvel, I just HAD to pick up a copy of Sonic the Hedgehog #103, featuring the GOTG swipe/tribute story "Freedom Fighters of the Galaxy".

Back in 1998, I interviewed Mr. Valentino for Advanced Iron, focusing upon (among other things) the character of Taserface, a member of the race called "The Stark", who based their culture upon Tony Stark's greatest creation - the Iron Man armor. When I flipped through Sonic #103 and noticed that "The Stark" were featured on page 14, I almost cheered aloud in the comic store! Thank you!

In addition, a footnote on page 14 implores readers to ask for the origin of "The Stark". So . . . how about it?

The character of Sonic as Vance Astro/Major Victory is terrific, and the

creative team of Michael Gallagher, a notable GOTG himself, Valentino, Harvo, Vickie Williams, Stephanie Yozzo and Justin Gabrie made the first installment of "Freedom Fighters of the Galaxy" a fun and interesting read. I cannot wait for Sonic #104 and the conclusion to FFOTG!

Sincerely,
Mike Kalibabky

By now you should have read the conclusion to our little send-up, Mike, and I hope it too met with your approval. While Jim was unable to participate in regards to the art for #104, we think newcomer Dawn Best did a great job. Feel free to write back and let us know if you agree.

Dear Sonic Team,

In Sonic issue #103, "you guys" have a puzzle with Knux's family tree on it and said you would give the answers in the next issue, but I looked all though #104 and all I found was a puzzle with Sonics from other zones. So where are the answers???

Thanks,
Anneliesa M Kalfsbeek

Somewhere in the hidden city of Atlantis, Anneliesa. Seriously, when we were working on issue #104, it was during September of 2001, and we're all familiar with what happened during that timeframe. Subsequently, in the rush to get the book out, something got overlooked, and unfortunately the answers to the family tree never made it in. Look for the answers to both the family tree and the multiple Sonics to show up in Sonic #109.

Dear Sonic Crew,

I like the fact that the past two issues (Sonic #103 and #104) have been to relax things. That, and it was fun to see another reality. Another thing I kinda liked was that it was partly off of the "Silver Surfer". It was different and nice to see that. As always, Dawn did an awesome job. I'm also glad in the fact that she encouraged me to keep up with my artwork. God bless you Dawn! I also like "Altered States" in Sonic #101. I liked the introduction to the different realities there too. The one from the anime was one of my favorites, being I liked the movie itself.

I hope you guys keep going strong. I've only gotten into the comic recently. The reason is that Indiana has no places where I can find them. I enjoy them a lot and hope they keep on coming!
Shadow Bee

If you're having a hard time finding our comics at your local store, how about making life easier by subscribing using one of the handy-dandy forms conveniently located elsewhere within every issue? That way you're guaranteed not to miss out on all the fun and excitement we have in store for all our readers.

Dear Sonic,

I loved issue #103! I hope that the Freedom Fighters of the Galaxy will be appearing in the comic book series even after the current storyline is finished. (Except for Hawkhawk, he's a snob!)

Here are a few questions for y'all:

- (1) How come you and Walt the Wallaby don't get along?
- (2) Has Monkey Khan been seen since Sonic #55?
- (3) Who is Hawkhawk a descendant of?
- (4) What type of animal is Guru (of the Drownunda Freedom Fighters)?
- (5) How many of 'bothead's goons does it take to screw in a light bulb?

That's it for now, so keep on juicin'
James the Human

Another Sonic-based series? We're all for that, though we'd have to make some changes as there is a major world of difference between doing a one-time homage versus using the concept on a regular monthly basis. As to your questions, (1) you'll have to ask of Walt the answer to that one, which may turn up in an upcoming Sega Data File in some future issue, (2) several times, in fact, the most recent being issue #93 (or was it #92?), (3) probably a vain Freedom Fighter in the current set-up which we've yet to encounter, (4) he's an emu (don't ask) and (5) the world may never know. Take care.

Dear Sonic-Grams,

Hi. I've been a Sonic fan for only a little while, ever since Sonic Adventure 2 came out. I've been looking at pictures of Sally and her family and I just can't figure out what they are. I had a few theories but they all vanished once I got a good look at Elias's tail and Sally's they're different. I've been wondering what Sally is, is she a hybrid? I also heard that she was a Ground Squirrel, could you set me right?

Thanks,

Andrea Price

P.S. Keep up the good work. I love the comic. By the way, Sonic's getting more and more popular, it may just be the comics but when I go to buy them I get like the last one on the shelf and there used to be tons!

Sally's father King Acorn is a squirrel. Queen Acorn, on the other hand, is a chipmunk. Elias took on squirrel traits while Sally took on the chipmunk traits. It's possible that squirrels and chipmunks have married in the past of the royal family line (therefore chipmunks would have traces of royal blood as well), but to know for sure can be a story for another time. Your letter also reminds me that I need to include what species the character is whenever I do other Sega Data Files in upcoming issues.

That's it for this month, so check back with us next time for more comments, compliments and criticisms. Take care.
